

Contura

35 low

New!

For a timeless
feeling

A stove with many faces

Do you want control over it? Then you can start by choosing Contura. It is obvious to us that you know best how you want your home. Therefore, we are not just thorough in our design and quality but we also ensure that we build freedom of choice into our stoves. Choose with your heart, because your new stove will spread comfort, heat and joy for many years.

New, cosy variants

Contura 35 low is a stove with a lot of choices: you can choose between three different surrounds, each with its own specific, aesthetic qualities: glossy white steel, sober black steel or natural soapstone. All models have a glass top and side glass areas so more of the fire can be seen.

This door is available in cast iron or with a glass front.

Whichever you choose, you get fantastic heat and the cosy feeling of a lot of fire for a long, long time.

Contura 35 low, black

Contura 35 low black has a black cast iron door.

Contura 35 low white is available with a glass or black cast iron door.

Contura 35 low, white

Style for every environment and heating for the prudent

Best heating economy: high efficiency produces more heat using less wood

Most resource-efficient: Swan marked

Timeless design: clean lines that add style to any environment

See the fire through the clear glass: new efficient combustion technology minimises soot build-up

Self-closing door: as an option

More heat from the wood

When you buy a stove from Contura you get Swedish design and quality of the highest class. The generous glass area shows a lot of the flame and our unique Clean Burning System keeps the glass clean and soot free. The efficient combustion technology gives more heat from the wood.

Contura 35T low

Contura 35T low with a natural heat-retaining soapstone surround gives you more pleasant heat, for longer.

Design, fire and heat with heritage

Contura 35 low is a smaller sibling of the Red dot design Award-winning Contura 35T. The low model makes the stove easy to position in any environment. Choose a surround from glossy white steel, sober black steel or

natural heat-retaining soapstone. All models have a glass top and you can choose between a cast iron or glass door.

Contura is a Swedish made quality product. When you buy one of our fireplaces you always get well thought out design and a large range of choice of design, material, heat storage and accessories. The combustion technology is among the market's most efficient in all models and our Clean Burning system keeps the glass clean and the fire visible better than any others. Most of our models are Swan labelled and we always give a 5 year warranty.
